“Fighting Crime Together”

SURVEILLANCE VIDEO SHARING PROGRAM

Do you currently utilize private video surveillance at your home or business? If you do, we'd like to hear from you.

How Does it Work?

The Canyon Police Department is committed to partnering with residents and business owners in our community. Many business owners and residents operate surveillance systems. As crimes occur nearby, they are not always aware that their surveillance system may have captured video that could help solve the crime, thus keeping our community safer. In turn, the police are also not always aware who may have this potentially vital information.

The Police Department is asking residents and businesses across the city to register their privately owned surveillance camera systems. As we respond to criminal incidents, we may be able to use the video footage gathered from the security camera to assist in the identification, apprehension and prosecution for the criminals involved.

WHAT ARE THE BENEFITS OF THE REGISTERING YOUR CAMERA?

By registering your camera with us, the Department can quickly identify nearby cameras that may have captured criminal activity. After registering your camera, you would only be contacted by the Canyon Police Department if there is a criminal incident in the vicinity and footage might have been captured by your security camera. Police personnel, if necessary, may request to view your camera footage in order to assist in the investigation. Help us make Canyon an undesirable place for criminals to commit crime and help keep your community safe.

REGISTRATION

If you would like to tell us that you have video surveillance and allow Officers to contact you should a crime occur in or near your home or place of business, we kindly ask that you let us know by filling out our registration form.

Information provided to the Canyon PD regarding your camera system will be for official use only. Your personal information will remain confidential and not be distributed except as required by law or court order.
